

CARMEN'S DEMANDS DENIED--LOS ANGELES PASTOR IS ARRESTED FOR THEFT--MACDONALD SECURES STREET RAILROAD FRANCHISE.

MACDONALD GETS PASTOR ARRESTED FOR THEFT.

Bids Ten Per Cent More After Conducting Services Than the Oakland Transit Pays \$6,600.

J. H. Macdonald and the Oakland Transit Consolidated were competitors in bidding for a franchise for an electric railway between this city and the Piedmont district. Macdonald was successful securing the franchise, the amount paid for the same being \$6600. This is the highest price ever paid for a franchise in this county. The Oakland Transit Consolidated put in two bids, to the lower of which no attention was paid. BIDS MADE. The bids opened were as follows: J. A. Macdonald, \$1650; Oakland Transit Consolidated, \$6600. After the bids had been read, Attorney G. W. Reed, representing J. H. Macdonald, said: "We propose to raise the bid if we are given an opportunity." OBJECT TO A RAISE. Attorney Eng, representing the Oakland Transit Consolidated, said he did not think the board had authority to allow such a procedure. "You have passed," he said, "a resolution which was undoubtedly drawn up by the attorney for the bidder, calling for the opening at the meeting of the board to be held on the 30th of March of all bids for the franchise filed up to the hour of 10 o'clock on that day, and that then the franchise would be awarded to the highest bidder. The Oakland Transit Company has filed its bid for the franchise which is undoubtedly the highest, and we now ask you to award to that company the franchise for which bids have been advertised. The clerk went to the extent to call for extra bids. But none were offered. We have acted fair and in good faith and we now request and demand that your honorable body award to the Oakland Transit Consolidated the franchise."

PASTOR ARRESTED FOR THEFT.

at Church He Stole Palms.

LOS ANGELES, Cal., March 30.—Rev. E. E. Planette, a young and apparently prosperous minister, who claims connection with the Grand View Presbyterian Church of this city, was arrested at 1 o'clock this morning and locked in the city jail, after confessing his guilt. The case is one of the most peculiar with which the police have been called on to deal. Rev. Planette said he had conducted services at the church as usual and carried with him a bag of small silver, amounting to \$25, which he stated was the evening's collection. He was arrested early in the morning on West Adams street, in the fashionable residence district, about a mile from the Grand View Church. When arrested, Rev. Planette was carrying in his arms several small potted Japanese palms. When questioned by the officers he admitted that he had taken the palms from the porches of houses in the vicinity. The unusual prisoner made no effort to deny the theft and was apparently cool and untroubled by his arrest. His case is the more peculiar, as he showed no signs of mental weakness or disarrangement. He refused to tell anything of his circumstances or his antecedents.

FLASH IN HIS EYES.

Harry Cahill May Be Blind for Life.

Turned a Switch and Got Five Hundred Volts.

Harry D. Cahill, who resides at 740 Myrtle street, was the victim of a serious accident at an early hour this morning which may result in the loss of his eyesight. Cahill is employed as a fireman at the California Gas and Electric Company's plant on the corner of First and Market streets and works on the night shift. Early this morning, between the hours of 12 and 1, he threw on the switch which connects the motor and seeing that it did not work, he knew that something was wrong, probably due to the stormy weather, so he started to throw off the switch. As he did so there was a flash, which struck him full in the eyes. There was 500 volts of electricity in the wire. He was at once removed to his home, where he is confined in a darkened room and Dr. W. W. Kegan is in attendance and hopes to be able to save Cahill's eyes. Cahill was at a loss to explain the cause beyond the fact that the stormy weather had affected the wires.

TOTAL WRECK ON THE BEACH.

Schooner S. Danielson is Driven Ashore During a Heavy Storm.

POINT ARENA, March 30.—During a heavy gale and in a stormy sea this morning, the schooner S. Danielson went ashore at Iversons Landing and is now breaking up. She will doubtless be a total wreck, as she is hard and fast on the beach with a heavy wind blowing and the seas breaking over her. The vessel left San Francisco on Friday for Iversons to load wood, and when off the Iversons Landing this morning the gale and heavy seas severed her toward the shore. All the skill of Captain Larsen and his crew could not forestall the fate that awaited the little vessel, but they stayed by her until she struck the beach, then, owing to the dangerous position in which she lay, they were compelled to abandon her. Captain Larsen ordered one of the boats made ready and after putting some of the belongings of the crew into the boat, the captain and crew disembarked and succeeded in making the shore without mishap. Captain Larsen despaired of saving the vessel, as she commenced to break up soon after the crew left her. There was no cargo aboard save a few supplies for Iversons Landing.

FREIGHT TRAIN IN COLLISION.

FIFTEEN CARS WERE DERAILLED IN THE WFECK.

AKRON, O., March 30.—A double-headed freight train crashed into the caboose of another freight on the Erie in a cut near Ashland early today, derailing fifteen cars and killing L. Self and W. H. White of Gallon. Nilfer Evans and Alfred Weiss, engineers of the rear train, were hurt, but not seriously. The men killed were the firemen of the rear train. They, with their engineers, jumped, both of the firemen fell under the train and were run over. It is said the wreck was caused by an operator displaying a wrong signal.

DEMANDS OF MEN ARE DENIED.

SAN FRANCISCO, March 30.—The United Railroads today handed to the committee representing the Carmen's Union, the company's reply to the demands made by the employees. The reply is a voluminous document. The company declines to raise wages or to yield to the union in the matter of selection, promotion or dismissal of employees. The right of an employee to join a labor union is admitted and a promise made to deal with accredited committees of the Carmen's Union. The company offers to submit to the president of the Amalgamated Street Railway Employees of America, for arbitration, all questions involved, save the right to employ and discharge men. The matter of ordering a strike rests entirely with the Executive Committee of the Carmen's Union and a meeting of that committee will be held tonight to determine what action, if any, will be taken regarding the reply of the railroad company. SAN FRANCISCO, March 30.—The following note to the committee accompanied the document: "Gentlemen:—The officers of the United Railroads have carefully considered the demands you have made upon the company with an earnest desire to grant all reasonable concessions and arrange for a good understanding and friendly relations between the officers of the company and its employees. "Their duty to the owners of the property and to the city compel them to refuse some of your demands and give their reasons, to which we solicit your careful attention." At the headquarters of the union and at the offices of the company it was stated this morning that the matter of ordering a strike rests absolutely with the executive board of the street Carmen's organization. A meeting of the executive board of the union will be held in the Turk Street Temple this evening to consider the answer from the corporation's officials relative to the demands of the union for higher wages and a shorter working day. It is known that Manager Chapman and the officials in San Francisco regard the increased wage and shortening of hours impracticable, but that these matters be settled finally by arbitration in New York. The company will reserve to itself, the right to discharge any employee, who, in its judgment, fails to obey the orders of the company. At the same time, it guarantees fair and honest treatment to all, regardless of past differences. From the employees' point of view, the company evades many points, and members of the union are divided as to the action to be taken by the union tomorrow night. There is no question but the subcommittee which met Manager Chapman today is much disappointed and that a determined fight will be made to have the company recede from its position in regard to some points in dispute is certain.

RAIN IS DOING CROPS MUCH GOOD.

GRAIN HARVEST WILL BE IMMENSE AND FRUIT CROPS LARGE.

SAN FRANCISCO, March 30.—Warm copious rains have fallen in all sections of Northern and Central California since Saturday morning and crops of all kinds have been immeasurably benefited. The grain harvest will be immense and fruit trees are in such a healthy state that abundant crops are assured. Feed in the foothills has never been better than at present and cattle raisers and dairymen look forward to a most profitable season. From all sections of the State comes the sound of rejoicing over the excellent conditions. Farmers and orchardists have shared so abundantly the advantage of a copious and well-distributed rainfall that nothing more is required to make the season a record-breaker. The Southern part of the State has fared particularly well. The crop prospect is of remarkable brightness. Throughout the mining counties there exists a feeling of satisfaction and thankfulness for the vast quantities of water available for a season of activity and certain success. Preparations are being made to press work vigorously and there can be no question that the year will be notable for its mineral output. RATIFICATIONS OF CUBAN TREATY WASHINGTON, March 30.—Ratifications of the Cuban reciprocity treaty will be received at the State Department tomorrow. Today Senor Quesada, the Cuban Minister, called upon Secretary Hay and officially notified him of the ratification of the treaty by the Cuban Senate as reported in the news dispatches. As there is only one copy of the treaty in Washington, the other being en route from Havana, the exchange of ratifications will be constructive rather than actual. Secretary Hay accepting as sufficient, the assurance that the Cuban treaty has been dispatched to Washington. No date has been set for the assembling of Congress to take action on the treaty.

## A FIGHT OVER CHICKENS INCREASES RESULTS IN MURDER.

### Man Who Did the Shooting is Arrested and Charged With Murder.

SAN FRANCISCO, March 30.—In a fight over some chickens which the blowy affair say they expected, such a dispute arose and which had been culminated to the dispute that have pitted against each other, John M. Saurer, who was charged with the murder of a man who was shot by John M. Saurer, was arrested today.

Messurier was taken to the French Hospital immediately after the shooting, where he died this morning.

The murderer is a laboring man, living at 1822 Twentieth avenue, while his victim was a chicken raiser who lived next door to Kittel.

The murdered man was an Englishman, twenty-five years of age and unmarried.

## IN WAGES DENIED.

### Why Street Car Men Will not Get More Money.

SAN FRANCISCO, March 30.—In relation to wages, Manager Chapman of the United Railroads says:

"Article II, sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11.

"Article III, house and track men, and A and C.

"Article II, Motormen, gripmen, drivers, conductors.

"Section 1. The request is made that for a time not exceeding nine hours the pay shall be \$3 a day, the company being allowed a half hour leeway to complete all runs that would otherwise be completed with less than eight and a half hours' work. This is alone equivalent to 33 1-3 cents an hour, or an advance of 33 1-3 per cent over the present wages, the present wages, 25 cents, being the highest paid on this Coast or anywhere else for similar work.

"The further request is made that all runs over six hours and not less than nine hours be paid at the rate of \$3 per diem.

"The further request is made that all time in excess of nine hours a day be paid at the rate of 45 cents an hour. The present scale is 30 cents for excess time, and the excess time applying after eleven hours (originally ten, but changed by request of the men to eleven). Each of these three requests must be denied.

"The request is made that instructors of students shall receive 50 cents a day extra for all time the student shall be under instruction.

"In reply the company states that during such time as its motormen, conductors or gripmen give such instruction, the company will pay them 25 cents per day extra.

"The company is willing to continue the present wages, but cannot increase them, and it makes the following statements:

"Of the large street railway systems the United Railroads of San Francisco is the most liberal paymaster in America. It furnishes steady employment the year round, under favorable conditions of climate, free from the fluctuations of wages which prevail in all trades caused by general market conditions; that this steady employment is sought after is evidenced by the large and never-ceasing number of applicants for positions on the cars; as many as one hundred applying twice a week; only a small proportion of the applicants can be furnished positions. As a rule street railway wage schedules are based upon a sliding scale.

"A new man begins at a wage rate ranging in various cities from 16 cents to 20 cents per hour; as he grows older in the service at fixed periods the schedule provides for an increase. During the first five years of service the highest figures reached are from 20 to 24 cents per hour (on some lines where trains are operated) and one motorman and one conductor perform the services of from two to five men, the wages exceed this figure, but a comparison of such lines would be as unfair as to compare the pay of a locomotive engineer with that of one of our motormen.

"The student on the lines of the United Railroads, after seven days' apprenticeship, immediately receives 25 cents per hour; this rate is not reached even after years of service on similar lines in New York, Boston, Philadelphia, New Orleans, Buffalo, Pittsburgh, Detroit, Washington and other cities. Take Chicago, where the highest wages are paid in any large city, except this, on lines similar to our own, and in employment similar to that performed by our men.

### Will Not Take Offense at the Remarks Made by Admiral Dewey.

BERLIN, March 30.—The Foreign Office here is fully satisfied with the explanations Admiral Dewey made to President Roosevelt regarding the interview with the Admiral which appeared recently in a Newark, N. J., paper, in which the German navy and the German Emperor were mentioned.

No communication on the subject has passed between the Foreign Office and the German Embassy at Washington because the officials from the beginning felt certain that if Admiral Dewey had been correctly reported the government of the United States would do everything proper on its own initiative without any reminder from here.

## BOLD HIGHWAYMEN ARE CAUGHT BY POLICE.

### Boys Who Were Holding Up Chinese Are Captured in Los Angeles.

LOS ANGELES, Cal., March 30.—Three young men have been taken in custody by the police and charged with highway robbery for having held up Ah Sing, a Chinaman, on the night of September 11 and 15 of last year.

The prisoners are Charles Taylor, 19 years of age; Edward J. Clark, 18 years of age; and a son of a Southern Pacific conductor, living in this city, and William Bailey, a section hand in the employ of the Los Angeles-Pacific Railroad. The two boys were captured in the city, and the third, a Chinaman, was captured in the city.

The police believe that the three prisoners were the perpetrators of a number of other robberies committed in the city during the last few months. They were caught by the police on the night of September 11 and 15 of last year.

## TO LUMBER CAMPS.

### THOROUGHLY ANIMALS WHICH ARE TO BE USED UP NEAR SISSON.

NEWARK, March 30.—A trainload of horses passed through this place last evening northward bound for the McCloud forest, a logging camp in California. There were thirteen loaded stock cars and 200 horses, each of them weighing over 1000 pounds and some of them over 2000.

They are valued at \$144 each, making the trainload worth \$28,800.

They are the property of the McCloud Lumbering Company and are to be used in the logging camps back of SiSSon, the logging season.

To secure high-grade horses, a buyer has spent the winter in Southern California, making purchases. They are the finest lot of animals ever seen in this part of the State.

## DIMMICK EVIDENCE CLOSED.

### Arguments in the Case are Now in Progress.

SAN FRANCISCO, March 30.—All the evidence in the Dimmick embezzlement trial is in. The last vestige was presented this morning and argument before the jury was begun.

United States District Attorney Woodworth, who has participated in the three trials of Dimmick, on the one change, besides two trials on inferior charges, so that he is thoroughly familiar with every point in the controversy, opened for the prosecution.

He spoke smoothly, but with power, devoting most of his time to expostulations of Dimmick's alleged operations on the defendant's use of a dress suit case in the Mint—the case in which it is said the stolen gold was carried away.

Dimmick smiled broadly when Woodworth credited him with extraordinary shrewdness in manipulating the lock and in covering his tracks to avoid detection.

## SHACKS ARE IN FLAMES.

### Arguments in the Case are Now in Progress.

SAN FRANCISCO, March 30.—The demolition of condemned buildings in the Chinese quarter was begun this morning by a force of workmen acting under direction of the Board of Health. Rookeries were pulled down, removed to North Beach and there burned in huge bonfires.

It is the intention of the health authorities to continue their work of destruction of unsanitary buildings in Chinatown until none are left standing and all danger of infection from disease has passed. In this fight against these habitations, the city health officials are supported by the State and Federal authorities and with such backing they feel justified in taking drastic measures in the face of possible actions at law for damage to the property.

# SERIOUS CHARGES AGAINST HUTTON.

## San Francisco Police Commissioner is Sued for a Divorce By His Wife.

SALT LAKE, Utah, March 30.—Mrs. Hutton, wife of the San Francisco Police Commissioner, said today:

"I left San Francisco, as I am seeking a divorce from my husband, Police Commissioner H. W. Hutton, on the grounds of cruelty, adultery, systematic neglect, cursing me and otherwise abusing me."

"My attorney, D. M. Deiman, of San Francisco, advised me to leave the State until the suits were settled."

"Mr. Hutton desired to get my property under his control. His plan was to induce me to return to San Francisco, and then get me committed to an insane

asylum and secure his appointment as my guardian. He could then sell my property and swindle me out of it."

"I have property in Michigan. I have six flats, money invested in a shipbuilding concern and other interests. This is community property, that is, it was acquired by us after our marriage and belongs to us equally. This property is worth at least \$100,000, one-half of which is mine."

"I am suing for my share in connection with the divorce suit. The property which I sold was my own."

having been inherited from a former husband.

"My husband says that I have spent \$5000 in two weeks. He is mistaken. It was thoroughly understood before leaving San Francisco that the lawyer who took up my case was to get 10 per cent of all property he secured for me. That accounts for \$3500 of the amount. Then there were records and other expenses which amounted to quite a little more. Since I left San Francisco, three weeks ago, I have used only \$200."

SAN FRANCISCO, March 30.—The transport Sheridan leaving on Wednesday will take the Thirteenth Cavalry and the Eighteenth Infantry to Manila.

Brigadier-General W. P. Randall, accompanied by his aide, Lieutenant Allison, will also leave on the steamer. General Randall upon his arrival in Manila, will receive the command of one of the departments of the Philippines, probably the department of Visayas.

Lieutenant A. L. Conger, who was the aide de camp on the staff of General Hughes, will also be a passenger.

A number of the ladies of the Eighteenth Infantry and Thirteenth Cavalry, as well as the wife of General Randall, accompany their husbands to the islands.

## WOMAN ROBBED BY THIEVES.

MARION, Ind., March 30.—Mrs. S. J. McQuinn was robbed of \$600 on the public square today by two men who took the money from her pocketbook, which was hanging from her belt. She had just drawn the money from the bank. The two men, who have not been arrested, were standing outside the door when the woman drew the money.

# HUNGRY PEOPLE IN DENVER.

## Waiters Go on a Strike and There is Trouble in Restaurants.

DENVER, Colo., March 30.—All union cooks and waiters in downtown restaurants went on strike today, because of a disagreement between the unions and the restaurant keepers.

The trouble arose over the employment of two non-union cooks in two restaur-

ants belonging to the association. Many restaurants were closed at the noon hour, forcing thousands of people to go without luncheon. At least 20,000 people will be inconvenienced if the strike is not quickly ended.

Paris, March 30.—Vice-Admiral Courtejoles, who commanded the French forces at Taku and Tien-Tsin, in the recent China expedition is dead.

# DEATH NEAR AT FORDING OF RIVER

PERILOUS ADVENTURE OF TWO MEN IN CROSSING THE STILLWATER.

REDDING, March 30.—Wallace Reineke and L. Ellis nearly perished in the storm and swollen waters of Stillwater creek yesterday. Their escape was miraculous. They left their camp at Stillwater. An attempt was made to ford the creek at what is known as Grant's Crossing. The stream was running high and the horse was carried off his feet, the buggy overturned and the occupants were thrown out. Ellis caught the line. He could not swim. The horse managed to reach shore about a mile below the scene of the accident, where Ellis managed to clamber ashore. Reineke was a good swimmer, but was nearly drowned. All the creeks in the country are running high. It has been raining several days but gives signs of clearing this morning.

## PLANTING TREES AT SUTTER'S FORT.

SACRAMENTO, March 30.—The trustees of Sutter's Fort held a meeting yesterday and organized by the election of Assemblyman W. W. Greer as president and W. H. Devlin, secretary. It was decided that the first money of the \$5,000 appropriation voted by the late Legislature should be expended in making necessary repairs to the building. The Native Daughters of the Golden West have agreed to purchase and plant trees on the grounds and the Native Sons will erect a tower of the flagstaff. The trustees feel that now the work of improving the grounds is the first way to be undertaken. Further assistance will be rendered by both the Native Sons and Daughters.

## POLICE CAPTAIN AGAIN INDICTED.

ST. LOUIS, March 30.—Two indictments, returned against Police Captain Boyd of the Fourth district, were not passed today and a new indictment was returned by the Grand Jury. The new charge is identical with the other ones, except that it is more comprehensive in its scope. The indictment charges neglect of duty in failing to suppress vice in the Fourth district. The offense in this State is a misdemeanor. April 9 is the date set for Captain Boyd's hearing.

## MISSIONARIES TO GO TO CHINA.

SAN JOSE, Cal., March 30.—Fifteen missionaries who have been spending a few months at the Pacific Bible Training School in Los Angeles, left here today for Seattle, Wash., where they will take the steamer for China. They will work under the auspices of the South China-Li Mission in Northern China, where Boxer outbreaks took place several years ago. The missionaries come from all parts of the United States.

## MINISTER GOES TO WASHINGTON.

SAN FRANCISCO, March 30.—Sir Liang Chen ung Cheng, the new Chinese Minister to the United States, left for Washington this afternoon on a special train. Sir Cheng is accompanied by his official family and a number of students who will enter Eastern colleges and universities. The train is scheduled to arrive in Washington on Friday next. There are to be no stops other than the ordinary stopping points between this city and Washington.

## NEW MINISTER AT CARACAS.

CARACAS, March 28 (Thursday).—Herr Van Peltin, the new Minister of Germany, and Mr. Paz-Irribide, the recently appointed British Minister, presented their credentials to President Castro today. Their reception was more cordial than expected because of the extreme amiability of the envoy of Great Britain.

## LARGE SUM WAS COLLECTED.

The amount reported last night as the Presbyterian Jubilee offering was cashed today. Today's corrected figures show the amount to have been \$1,496.88.

## GEORGE MEREDITH EXECUTOR.

George S. Meredith was today appointed executor of the last will and testament of Annie M. Meredith, deceased, by Judge Hall according to the provisions of the will.

# YOUNG BANDITS OF STOCKTON IN JAIL.

BEGIN WITH PETTY MISDEEDS AND END BY HOLDING UP A TRAIN.

STOCKTON, March 30.—Prompted by a desire to emulate the James boys, outlaws, Tracey, or some equally notorious character, a gang of Stockton boys have been committing depredations in this city for some time.

Bicycles have been stolen, buggies driven away and other more or less serious offenses committed.

Emboldened by failure of detection the youths have tried to hold up a train. This was done Saturday night near the San Joaquin bridge, south of Stockton. The boys fired four shots at the train, one of which whizzed through a window and narrowly missed a passenger, so it is said.

Three of the lads, George Holloworth and Lloyd and Elmer Thoman, the eldest not being over 15 years of age, were arrested this morning.

The boys boarded a freight train and arrived in town after dark. They will probably be sent to a reform school.

## TRIO BOUND FOR PRISON.

BRUTAL ASSAILANTS OF MRS. MATTHEWS CHARGED WITH FELONY.

SAN FRANCISCO, March 30.—Identified by their victim, their guilt confessed by one of the women who were arrested with them on Friday night, John Davis, Barney Whitelaw and Mike Nolan were booked at the city prison today for their murderous assault and attempted robbery of aged Mrs. T. V. Matthews at the home of her daughter.

Mrs. Tuttle, 548 Haight street on the 4th of March. No charge has yet been placed on the prison register against the Grilla sisters, Ruby and Bertha, and there may not be, owing to the evidence against the others placed in the hands of the police by Ruby, but Docia Nolan, wife of "Mike" Nolan, who in the confession of Ruby Grilla is made an accessory before the fact, and who was taken into custody last night will in all probability be charged with a felony.

## BODY OF BURGLAR IS IDENTIFIED.

CLEVELAND, O., March 30.—The body of the burglar who was shot and killed in Bedford last Saturday morning has been identified as that of Frank Adams, of Toledo. The identification was made by a sister of the dead man, who arrived from Toledo today. She also looked at the burglar in the County Jail who took part in the fight and who gave his name as James Bradley, but said she had never seen the man.

## SEASON'S RAINFALL IS VERY HEAVY.

The rainfall for the past forty-eight hours was .76 of an inch. The precipitation for the season is 22.83 inches, as against 21.93 inches for last season.

## MARRIED.

STOCKWELL-TAFFE.—In this city, March 29, by Rev. E. R. Dill, George Stockwell of Oakland and Ella Taffe of Pasadena, Cal.

## DIED.

FLINT.—In East Oakland, March 29, 1903, Lotta V., beloved wife of George M. Flint, a native of Oregon, aged 75 years, 7 months and 21 days.

# HYMLIA CUT OFF BY WASTE OF WATERS.

SOUTHERN PACIFIC ROAD IN DANGER OF THE FLOOD.

NEW ORLEANS, March 30.—Discouraging news came today from the Hymilia break. During the early morning more of the cribbing was swept away by the terrific current that is running through the broken levee, and the rails are caving with greater rapidity than ever. Large forces are at the scene and lumber is arriving in abundance, but the crevasse is apparently beyond control.

Senator Brady, in charge at one of the dams, said that the break has now reached a width of 600 feet and that while work will continue, the outlook for closing is less promising than it has been.

A conference of all the agencies at work has been called to determine whether it is advisable to go on with the present efforts.

The land for miles around is a vast sheet of water and the tracks are completely covered, while the Southern Pacific is constantly in danger from back water. If the crevasse is abandoned, the break will doubtless prove one of the worst since the Davis crevasse in 1854.

## INTERNATIONAL CREDIT.

Articles of incorporation were filed today with County Clerk Cook of the International Credit Company of Los Angeles. The directors named are Eugene Whitcomb, Grant Martin, J. W. Smalley, A. J. Schlegel and W. C. Thompson, all of Los Angeles. The amount of capital stock of the corporation is \$100,000, divided into one thousand shares of the par value of \$100 each. \$500 the actual amount that has been subscribed.

## THE TRY-HARD CLUB'S BALL.

One of Williamsburg's organizations, the Try-Hard Bowling club, held its annual ball on Saturday night at Congress hall in East New York. Every married man who attended had to wear a badge announcing his "condition of service," as the club called it, and each married woman had a similar badge displayed where it could easily be seen. Unmarried men over 25 years old wore badges on which was the statement that they were "old bachelors." Young women wore tags on which was printed the announcement, "I'm in search of a young bachelor." Bachelors wore cards inscribed, "I'm too mean to marry."

## A LITTLE WHILE.

A little while, a little love, The hour yet bears for thee and me, Who have not drawn the veil to see, If still our hearts be in the same groove. Then surely, at the day's last sigh, Hast felt thy soul praising the tone; And I have heard the night wind cry And deemed its speech mine own.

# PLANS COMPLETE FOR BIG FIGHT.

## Eddie Graney to Act as Referee—Sporting Notes From the Field and Club.

It has at last been decided that Eddie Graney will referee the Young Corbett-McGovern fight on Tuesday night. Last night Sam Harris, representing McGovern, and Young Corbett, attended by Harry Tullah and Tim McGrath, met in a conference to select a referee with the referee's consent.

Both principals of the conference expressed a desire to secure a man whose integrity cannot be questioned. Young Corbett asked for Harry Corbett and Harris acquiesced, but Harry Corbett again declined.

Harris and Young Corbett had a cautious word sparring match which lasted about a quarter of an hour. Finally Young Corbett mentioned Eddie Graney's name, stating that he had been entirely satisfactory in the recent Hamilton-Corbett fight. Graney was perfectly acceptable to Harris and the matter of referee for the big fight was settled then and there.

Speaking of the conference afterwards, Harris said that he had Graney in mind from the first, but wished to have the other side mention his name first.

Both Harris and Young Corbett signed an agreement which leaves the decision as to whether a foul blow had been struck or not in the hands of three competent physicians. This takes the matter out of the referee's hands. The question was brought up by Morris Levy, manager of the Hayes Valley Club, who spoke of the unsatisfactory ending of so many fights lately. In order to prevent any possibility of foul he asked Corbett to consider his decision in making the referee of the referee's hands. The latter refused for the reason that it is not suited to his build and hinders his freedom of motion. He added that he had never fouled anybody or had anyone foul him in his career. However, in the prize ring and is sure that the bout on Tuesday night will not terminate with a foul.

Finally Levy suggested drawing up the agreement placing the matter in the hands of the physicians. This was done and signed. While it was not expected that either will be fouled, yet it is done as a precaution.

## RAIN INTERFERES WITH BALL GAMES.

LOS ANGELES AND SEATTLE ARE THE ONLY CLUBS THAT PLAYED YESTERDAY.

There was only one baseball game played yesterday and that was played in the rain. Los Angeles was the scene of the affair and the players who have the permanent address at that town faced the visitors from Seattle. It has been handed down from generation to generation that the people of the Sound were fond of the drizzling, slippery and unfavorable weather such as was dispersed yesterday down South. But despite this circumstance the Seattle players could not get around the ground like ducks and so were on the shy end of the score, which was 7 to 4.

Joe Corbett handles the muddie ball for Morley, but after he allowed seven runs in the first two innings, the job was handed over to "Dolly" Gray, who finished the game. Yesterday's game is four straight for Los Angeles.

## SMITH HAS RESIGNED FROM JOCKEY CLUB.

James Smith has sold his stock in the California Jockey Club and has resigned his directorship in the association. There is considerable speculation in racing circles as to the reasons of this action, as Smith is a very prominent figure in the industry. It is believed that he was dissatisfied with the reinstatement of Jockey Club, but this is not true and the principal reason for his resignation is his vast business interests.

## WILL NOT HOLD THE BIDS.

HARRY CORBETT WILL NOT ALLOW CHANCE FOR ACCUSATION OF DISHONESTY.

On account of his relationship to Jim Corbett, one of the principals, and the fact that he is interested in the Yosemite Club, which is bidding for the match, Harry Corbett is taking extra precaution in the handling of the bids for the Jeffries-Corbett match, which will be opened on Wednesday evening.

As his position is a hard one, he has notified all bidders that their bids must be brought in person at the time set and they will all be opened together. He refuses to hold any of them over night, no matter how well sealed or double sealed they are.

The Yosemite Club is making a strong effort to secure the match and will offer a cash guarantee and a percentage plan. If the club secures the match, Harry Corbett will insist that the contestants select the referee by mutual agreement. The clause providing that the club could be rejected in case of a disagreement will be stricken out.

Word comes from Los Angeles that Champion Jeffries will arrive there in about two weeks and will probably remain there for his fight with Corbett in July.

## BILLINGS' HORSEBACK DINNER.

NEW YORK, March 30.—C. K. G. Billings, who gave a dinner on horseback Saturday evening to thirty-six members of the Equestrian Club of this city has formally opened his new stable by tendering a luncheon to his friends. The luncheon was served in the carriage room of the stable. H. K. Devereaux of Cleveland, Ohio, proposed a toast to the host, which was followed by numerous others. Among the party were Anthony N. Brady, Richard A. Hendon, Judge Andrew Hamilton, William S. McGee of Chicago and Frank Jones of Memphis, Tenn.

## FUNERAL OF THOMAS BUDD.

The funeral of Thomas Budd, who died at his home, 1135 Railroad avenue, took place from his late residence. It was conducted under the auspices of the Riggers' and Stevedores' Association, of which he had been a member. The deceased sustained serious injuries while at work on the steamship American, which culminated in his death. He had been engaged in stevedoring for many years and was one of the pioneers of the Riggers' and Stevedores' Association.

The remains were interred in St. Mary's cemetery. A widow and four children survive him.

# CLOSING DAY OF GIVEN A CALL THE CHURCH JUBILEE. FROM ST. PAUL'S.

CHILDREN TAKE PART IN SERVICE AT PRESBYTERIAN CHURCH.

The closing day of the Jubilee celebration at the First Presbyterian Church was marked by a number of most interesting events, the principal ones being the Sunday School celebration at 9:30 a. m., the Thanksgiving service at 11, and the great song recital in the evening. The first of these events was marked by a large attendance of enthusiastic young people gathered from the main school, primary department, Telegraph and Bethany Mission schools.

The Telegraph avenue school assembled at the rooms, Twenty-sixth and Telegraph avenue, at 9 a. m., and under the leadership of their superintendent, J. W. Heinke, assisted by a corps of officers and teachers, marched in a body to the First Presbyterian Church where they were seated in the chapel during the opening service. "Send the Light" with lusty vigor. The Bethany Mission Sunday School assembled in full force under the leadership of their superintendent, A. M. Sutherland, and occupied seats to the left of the main choir. Following the opening song and prayer the Primary Department entered and immediately burst into a swinging song "The Children are Marching."

On the platform were seated besides the superintendent of the school, Earl S. Bligham, a former superintendent of the school, George D. Gray, Henry King, Charles Hoag, W. H. Knight, and Dr. Ray E. Gilson, and Mrs. Charles Woodbury, a former superintendent of the school. Mrs. Maud Wyman Ebberts, who wrote the poem of Jubilee for the occasion, and Miss Mabel Thayer Gray, superintendent of the primary department.

The program of the occasion consisted of a series of songs by Geo. D. Gray and Mr. Henry King, who spoke of the fifty years of splendid history of the school; a Jubilee poem by Mrs. Ebberts; talks by Mrs. Charles Woodbury, and Miss Mabel Thayer Gray. Between these addresses there were songs of praise, and at the close the primary department sang the Mispast.

At 10:45 the school, headed by former superintendents and prominent workers, marched in to the auditorium and the church where they sang the song "Send the Light" with lusty vigor. The center aisle to the pulpit and turning to the right and left, passed up into the gallery and were seated in the front part of the church for the morning service. The church was filled to the top with people, and the singing was most impressive. The "Praise Song" and "March for Church Festival" by Miss V. de Brumery on the pipe organ.

## THE CLOSING SERVICE.

The closing of the week of Jubilee was in the hands of the great choir of voices under the direction of Choir Master Cleburn P. Rowlands. The four great choruses given have never been rendered with more telling effect than on this occasion. The choir, in this city, besides the great chorus of voices, a former solo soprano, Mrs. W. C. Little, sang for the offertory, "I am here for my name." The choir sang with marked effect "Blessed is he who comes in the name of the Lord." Immediately following the reading of letters from former pastors, addresses were made by Rev. T. M. Day, D. D., of San Anselmo, and Rev. H. C. Stone, pastor of the Central Presbyterian Church, San Francisco. Rev. H. C. Stone, in his invocation, Rev. John Rich read the scripture lesson and Rev. Dwight E. Potter, made the prayer. The pastor, Rev. E. E. Baker, read the letters of greeting from former pastors and prominent clergymen.

The Jubilee Thanksgiving service rendered special music; the pastor Dr. Baker, preached on "The Sacrifice of Praise" and enrollment cards were passed out to the congregation by forty officials of the church. These contained the statement that the signer had attended one or more of the services of the Jubilee week.

The offerings of the Week of Jubilee amounted to \$705, which \$675 was contributed at yesterday's services. The sum of \$500 was also pledged for the year.

Those from whom letters were read were: Dr. E. W. Wake, Berkeley; Dr. Walker, Los Angeles; Board of Home Missions, by John Willis Boer; Rev. H. C. Milton, Moderator of the General Assembly of the Presbyterian Church, formerly pastor of Berkeley Presbyterian Church; N. B. McKendall, of Idaho; Rev. Wm. Nat Friend, of Golden, Colo.

## MINERS RESUME THEIR CONFERENCE.

LOUISVILLE, Ky., March 30.—The representatives of miners and operators of Western Kentucky, who spent nearly all of last week in an attempt to settle the wage question for the coming year, resumed the conference today. The miners' wage scale expires at midnight tomorrow. If the joint committee fail to reach a settlement, the miners say they will strike. They ask for an increase of 14 per cent, but the operators are not willing to concede this much.

## WILL ADDRESS HEBREW WOMEN.

Dr. Levy is to address the meeting of the Oakland Section Council of Jewish Women on Thursday, evening, April 24, at the Vestry Rooms of the Synagogue, Twelfth and Castro streets. His subject will be "Hebrews and Past Times," which was suggested by the council's work.

## SUIT OVER ANCIENT IRISH ORNAMENTS.

NEW YORK, March 30.—The remarkable case of the Irish gold ornaments will soon come on for a hearing in the law courts, according to a dispatch from London to the Times. These relics were ploughed up on some land in the northwest of Ireland in 1896 by a farm laborer, and, after passing through several hands, were sold to the British museum for £200. All efforts to reclaim them for Ireland have proved unavailing, the authorities at Bloomsbury being precluded by statute from parting with any object once acquired. The government officers say the articles are treasure trove, and therefore belong to the Crown, but the trustees of the museum reply that within living memory the sea has burst over the land upon which the objects were found, and probably at the time to which they belonged the sea extended much further inland. The relics include a collar with ornament of Celtic character in relief; a twisted collar of solid wire, two neck chains, a bowl and a model of a boat, with ornaments.

## EASTERN WEATHER.

CHICAGO, March 30.—Temperatures were reported at 7 a. m.: New York, 38; Boston, Philadelphia, Washington and St. Louis, 33; Chicago, 30; Minneapolis, 34; Cincinnati, 40.

F. J. Lea Means Business.

The novel exhibitions in the various show windows of the city by the F. J. Lea Export Co. deserves more than passing comment.

For several months Mr. Lea has been putting out the most artistically labeled bottles. This oil has proven to be the purest product on the market and has won awards at various contests.

These artistically labeled bottles will grace any show window, but there is still a better drawing card. On a large placard this handsome offer stands out: "A \$100 reward to any one who proves there is any adulteration in these goods, and Mr. Lea has found no one to take the money."

## Anti Trust Prices

A trust has been formed against THE OWL DRUG CO. A trust to rob the sickroom. A combination to grab life away from the lips of the ill and disabled. A merger with the motto to force up the price of life. "To wage a determined war on cut rate drug stores," says its members. To wage war on "THE OWL" in other words. This is "THE OWL'S" reply. Let the war come, we will never enter into a combination to make life and health expensive. We will continue to sell medicines at our cut rates regardless of everyone. These are a few of our cut prices.

A LESSON IN RENTS.

It was the study of a condition rather than a theory that brought to the landlords of Ireland the realization of peasant proprietorship. It was a conversion induced by declining rents and landed estates that were steadily becoming a drag in the market.

Nevertheless the conversion is due to the efforts of the Land League, founded by Parnell, and its successor, the National League, organized by John Redmond. The "no rent" policy of these organizations kept the police and the courts busy and the landlords poor. Evictions were numerous, but they only made the League stronger and more determined, and they didn't meet the needs for the land owners. What they wanted was rent, and that they could not get. What they did manage to collect cost so much that it came with a curse on it.

This "no rent" campaign has been going on for a quarter of a century, and it has at last worn out the patience, or rather the endurance, of the landlords. So, they have invested themselves in arranging terms for an alliance between the Tory ministry and the Irish party to put in effect a scheme that will enable them to sell their lands at a good price before bankruptcy overtakes them. That is why the Duke of Abercorn, the Earl of Darvel, Colonel Plunkett and the Earl of Cardigan are found huddling with John Redmond when the Tory secretary for Ireland, Mr. Wyndham, introduced the land purchase bill.

This measure will enable them to get more for their lands than they could obtain by selling them in the open market. Indeed, nobody wants to buy Irish estates as an investment. The landlords get more than the tenants pay—equivalent to thirty per cent. The government pays the difference. For lands that will net the landlords \$200,000,000, the tenants will pay \$150,000,000 in instalments; the government will put up the other \$50,000,000. This is a good thing for both landlords and tenants—a good thing that it is strange the remembrance of England and Scotland don't howl for something of the same sort.

The wisdom of sending Colonel George Pippy to present that good invitation to the President in person is now exemplified. It was a stroke of genius. As soon as the President saw the Pippy whiskers he was seized with a consuming desire to see the land in which they grew. Only a luxurious soil could produce Colonel Pippy's magnificent hirsute ornaments. They almost match the Honorable Samuel M. Shortridge's Ciceroian eloquence.

It is to be hoped that Mayor Harrison will not secede from the Union, because President Roosevelt refused to obey his command not to deliver any speeches in Chicago while the municipal campaign is in progress. If he should, the consequences might be something terrible. Mayor Harrison might go to the extreme of joining the Anti-Imperialist League.

The Los Angeles Times takes up a column and a half of its valuable space to announce the birth of a new paper at Avalon, Santa Catalina Island, 11x8 inches in size. The loud cackle over the small egg is accounted for by the fact that Big Brother the great Harrison Gray Oddy, who crossed the Rubicon in the Philippines and shed his good red blood when he like a soldier fell in a theater box, was the attending physician at the accouchement. There are hopes that the editor will survive but it is not certain that the new paper will get over the pining stage of existence. It fills a long felt want, temporarily at least.

FOR BOSS GOVERNMENT.

Criticizing the veto of the bill to deprive the courts of the power of issuing injunctions to prevent the summary removal of appointive officers, entitled to the right of local self-government and will have it.

But the trouble with the bill in question was that it provided for local boss government, which it is quite a different thing from self-government by the people. If Mayor Schmitz thinks the people favor his scheme let him attempt to have the charter amended so as to vest the Mayor with the power of unconditional removal. We will wager a hat to a herring that the people will mob the polls in their rush to vote against it.

The attempt to deprive the courts of equity jurisdiction in such cases was an attempt to amend the charters of San Francisco and Los Angeles. It is a particular of vital importance with consulting the inhabitants of those cities. It was a scheme directly opposed to the principle of local self-government. Concretely expressed, the scheme contemplated giving Mayor Schmitz and his guide, philosopher and friend, Abe Ruef, absolute control of the patronage of the entire city, including the public schools, for political purposes. It had all the ancient and honorable of Tweedism. Luckily it was under the Pardee hammer.

OUR MUNICIPAL PROBLEMS.

Oakland is about to install a new municipal administration in a hopeful spirit that the municipal car is to be placed in the highway of progress and set running smoothly forward. There is reason for this. The new officers are citizens of excellent character; their good intentions cannot be questioned; they are possessed of fair ability, and are backed by the good opinion of the community. They guarantee us, at least, a clean, efficient administration of the city's affairs.

But progress requires something more; it requires that something be done—action, energy, perspicacity and decision.

Good character, good intentions, fair ability and the other negative virtues will not move the city out of the rut unless they are animated by push, determination and a united sentiment in favor of definite objects, or at least, a fixed resolution to unite on definite objects. Good men can disagree and pull apart, or they can lack backbone or lose interest in public duties that must be performed at personal inconvenience or in the face of adverse criticism.

We do not in the least insinuate that our new officers are lacking in either energy, firmness or purpose, but it is not amiss to point out that to inaugurate and place on the road to completion the scheme of general improvement that is popularly expected and so sadly needed is no child's play. Let us neither expect too much nor hope for too little. Performance may fall far short of expectation and still the quality of the administration given the city by the officers so recently elected be of a character to command respect and approbation.

We should expect them to do the best they can and no more. When they do that (and we have every reason to believe they will), our citizens will have little cause to complain. At the outset we may as well face the facts and see what the incoming administration has got to contend with. It is true to observe that Oakland is practically without any permanent municipal equipment whatever. The city is in the condition of a magnificent estate without suitable dwellings, barns, outhouses and fences—the owner getting along as best he can with makeshifts. The need for improvements of a creditable and permanent character is great. It is accentuated and emphasized by the rapid development of the city. Our population is increasing by leaps and bounds, and the consequent pressure upon school accommodations is presenting a serious problem that daily becomes more insistent. The enormous increase in the business of the port, the tonnage of which is second only to that of San Francisco on the Pacific coast, calls for wharves and other improvements. Commercial expansion and the extending area of the city demand a comprehensive system of street improvement. Better fire and police protection is required. And there is the problem of procuring a permanent and abundant water supply for municipal purposes.

Thus it will be seen that our wants out of the ordinary, to say nothing of parks, boulevards and the improvement of Lake Merritt, are many and will cost a pretty penny to meet. The new administration will be confronted with urgent demands of the ordinary character which must be satisfied from a limited revenue. We are behind with our plowing so to speak. We began to get behind some six years ago, and we have not caught up yet. With everything tifty and ship-shape, which it is not, the present revenue under the dollar limit is barely sufficient to give the city a thorough-going, first class administration. For the other things we must go into debt.

It is plain, therefore, that the incoming administration has a large and perplexing contract on its hands. And those hands should be held up. The new officers should be given the active aid, sympathy and encouragement of all good citizens in the effort to make good the many accumulated deficiencies that have accrued from long neglect and narrow policies. Oakland is rapidly becoming a large city, a great seaport and the chief railway center in California. The city's house must be placed in order for the change that is swiftly coming on, else we will find ourselves vainly trying to fit village accommodations to the necessities of a great commercial metropolis.

Now that the Springfield Republican prints a cut of a deceased bull pup owned by Richard Croker Jr., one is at a loss to draw the line on yellow journalism. Possibly, however, the Republican mistook the dog's picture for a likeness of Mr. Croker. There is a resemblance.

We can't understand why Colonel Waterson should be so bitter against New York society. It never had anything to do with him.

To ease the midriff pains of certain of our contemporaries who point their wit by an affection of crass stupidity we will state that in using the word "legislature" for "penitentiary," we meant no offense to the penitentiary. It was one of those unaccountable mistakes that occur in newspaper offices, the meaning was so obvious that

FINE RECEPTION AT DR. ORLOW'S.

About 200 friends of Dr. O. N. Orlow gathered at his beautiful oriental bazaar 549 Clay street, San Francisco, last night for the purpose of tendering to him a surprise reception and expressing their good will.

The affair was managed by the ladies of the Society of Human Benefactors of which the doctor was the founder.

The objects of the society are simply to do good and carry out the truths which concern the brotherhood of man. Dr. Orlow's home had been made strikingly beautiful by the floral decorations which in each room were made to accord with the rich oriental furnishings while varied colored lights added their charms to the almost enchanted surroundings. After the guests had gathered they convened in the spacious oratory where an excellent musical and literary treat awaited them. This was followed by a repast in the dining room.

EAST TRAIN GOES OVER EMBANKMENT.

Report is Given out That Twenty-five People Were Injured in Wreck.

CLEVELAND, Ohio, March 30.—The fast West-bound New York and Cleveland Express train on the Erie Road, due in this city at 12:40 p. m., was derailed at Concord, near Corry, Pennsylvania, while running at a reduced rate of speed early today. So far as reported to the headquarters of the Erie Company in this city, no passengers were killed or seriously injured. The cause of the accident is not yet known.

FEW PARTICULARS.

PITTSBURG, Pa., March 30.—A Corry, Pa., special, says the entire train consisting of a combination baggage and cafe car, two Pullman sleepers, parlor car and two day coaches, went over the embankment.

No particulars have been obtained as yet, but all the doctors from Corry and Union City left for the scene on a special train.

Twenty-five persons are reported seriously injured and one old lady from Cleveland fatally.

The injured will be brought to Corry. No names have been secured yet.

A train was made up and the passengers continued on their journey.

Wrecking crews are clearing the tracks, which are blocked.

The railroad officials deny that any were injured.

Later it was learned that spreading rails caused the accident. Mrs. C. B. Hennessey, en route from York to Cleveland, suffered seriously from the nervous shock and was unable to resume the journey West on the special train which was made up for Cleveland.

POLICE OFFICER IS BADLY BEATEN

John Morrison is Attacked By Gang of Thugs.

One of the Men Is Now in the City Prison.

After having been called to quiet a number of visitors who were creating a rough-house in an establishment on Eighth street, near Broadway, last Saturday night, Special Policeman Morrison was set upon by the visitors and badly beaten.

He was cut about the head with beer bottles and wrapped in a heavy curtain and rolled about the floor, besides having his star and club taken away. He finally dispersed the mob by firing a shot from his revolver.

In the flight from the house, John Harvey, one of the rioters, ran into the arms of Policeman Fogie, and was taken to the City Prison and booked on a charge of battery.

This morning Special Morrison swore out a complaint against Harvey, but, as the officer was unable to recognize others of his assailants, no more warrants were issued.

NEWS FROM CITY OF ALAMEDA

OFFICIAL BALLOT RAILROAD WILL A. C. WYBER'S WEDDING PARTY

IN ALAMEDA. MAKE FIGHT. COMPANY CLAIMS RIGHT TO MAINTAIN TRACKS ON RAILROAD AVENUE.

ALAMEDA, March 30.—Those in charge of the mailing of the official ballot for the municipal election to be held April 13th expect to complete their work by Thursday next. The ballot is as follows:

REPUBLICAN.

For member of the Board of Trustees (vote for three).—Wm. W. Howers, Jos. F. Fordezer, H. M. Pond.

For member of the Board of Education (vote for three).—Win. H. Baurhyte, J. S. Hanley, Frank Otis.

For City Clerk—J. W. Gillogly.

For City Assessor—Mr. W. Simpson.

For City Recorder—M. S. Taylor.

For City Marshal—John Conrad.

For City Treasurer—Oswald Lubbock.

INDEPENDENT NOMINATIONS.

For member of the Board of Trustees—Edward A. Allen, Benjamin J. Smith.

For City Recorder—R. B. Tappan.

For City Marshal—A. A. Barotau.

ALAMEDA, March 30.—The railroad company does not agree with City Attorney Simpson in his opinion as to the company's right to maintain its tracks on Railroad avenue, between Fifth and Eighth streets.

Acting under the instruction of the City Trustees the city attorney served a thirty-day notice to remove the tracks, and notified the company that unless this was done the Superintendent of Streets would do the work.

The company now comes forward with a claim that it has every right that the law gives to maintain its tracks just where they are, and intimates that it will resist any attempt to interfere with it.

TRAMP COMPELLED TO LEAVE TOWN.

ALAMEDA, March 30.—John Estrado, a tramp, was arrested on Park street last evening by Officers Kees and Williams. He was released this morning on the promise that he would leave town immediately.

ALAMEDA, March 30.—The home of W. H. Wyber at 2428 Buena Vista street was the scene of a wedding party last evening.

The party was tendered to A. C. Wyber and wife, newly married couple, by Mr. and Mrs. W. H. Wyber. The interior of the residence was prettily decorated with smilax and carnations.

Suspended from the center of the spacious dining room was a large bell, composed of flowers. There was music, games and refreshments.

The guests present were: Mr. and Mrs. A. C. Wyber, Mr. and Mrs. W. H. Wyber, Miss Ella Andrews, Mr. and Mrs. Dugg, Mr. L. Sullivan, Edward Lane, Miss Grace Peterson, Mr. and Mrs. Seaton, Alfred Wyber, Miss Lilian Holton.

STREET CAR MEN ARRESTED.

THEY ARE CHARGED WITH ASSAULT TO KILL.

WATERBURY, March 30.—Five of the striking motor men and conductors of the Connecticut Lighting and Railway Company were arrested today on the charge of assault with intent to kill.

They are accused of having been concerned in the attack on a trolley car on the Waterville line, on February 28, when the company was in charge of the one of the no-union employees of the company was beaten into insensibility and left lying in the track of an approaching car.

The arrested men are: Harry W. Warren, Clifford Vandermark, David M. March, Edward B. Winnegat and John McGuire.

They were held without bail pending a hearing.

Later another of the strikers, Willis Vandermark, 17, was arrested on a charge of assault with intent to kill. This man was in charge of the car which was attacked. It has been understood that the motive for the attack was a quarrel between the two parties, but whether it was a quarrel or a plot to kill will have any bearing on the solution of the murder mystery was not disclosed.

PUBLIC SCHOOL TEACHERS ARE IN SESSION.

Rev. Dr. Dille Says Teachers and Ministers are Very Poorly Paid—Many Addresses.

The Teachers' Institute of Alameda County was called to order by County Superintendent of Schools F. O. Crawford at 9 o'clock this morning in the Common School Assembly Hall.

Nearly all of the 650 teachers answered to their names at roll call.

In opening the session, County Superintendent Crawford announced as his wish that the teachers should for three days of the session give to the institute work their very best effort. After various announcements had been made relative to future meetings of the institute the Rev. Dr. D. R. Dille was introduced by the chairman.

He welcomed the teachers on behalf of the City of Oakland and stated that the probable reason he had been selected for the pleasant office was because he was perhaps harder to get at than some more prominent citizen. He expressed great pride in Oakland and Alameda County and in the personnel of the teachers.

He counted all as teachers who worked in the formation of character and was of the opinion that teachers should collaborate in the convocation of ministers and that the latter should take part in the Teachers' Institute.

"The two professions of ministry and teaching are the most practical in the world," said he, "because they survive on smaller salaries than anyone else. The failures of merchants are four times as great as that of teachers and ministers. The teachers' chief wages are in seeing the young mind open out before her as the flower unfolds in the morning sun. The salary of the average teacher is less than a coal heaver's or a cook's. A twenty-five per cent. increase in salaries would not be unreasonable as then the teaching force would not be depleted by the desertion of some of the best instructors who are forced to leave the ranks to enter some profession where they are better paid. I believe that women are the natural teachers of the child. The public school system is interested to eliminate the Judas spirit and elevate the Christ spirit. The Kaiser and the czar may be dismissed in the Police Court and contempt but the American citizen must fear a babyhood that may rise to power in manhood.

"In our war with Spain, victory perched upon the American banner because of the intrepidity of our soldiers, and intelligent courage and bravery teaching each individual unit of a company to know just what to do and when to do it. A brave man having its inception in the public school. The American is a man of character and no chain can be forged long enough to reach around him. Our schools stand for patriotism. For that reason we must be careful of the manner in which we teach patriotism. Patriotism stands for freedom, love of country and social helpfulness."

Dr. Dille concluded his remarks with a few words of kindly greeting to his auditors.

PROFESSOR BROWN.

Professor Elmer R. Brown of the University of California delivered a carefully prepared address on "The Future of Education."

DR. BURKE.

Dr. Frederic Burke, president of the San Francisco State Normal School, also delivered an interesting address.

AT THE AFTERNOON SESSION.

At the afternoon session Morris Elmer Dille, president of the San Jose State Normal School, read an instructive paper entitled "The Professional Training of Teachers." At the conclusion of the lecture there was a general discussion of the subject of the "Professional Training of Teachers." The discussion was opened by P. M. Fisher and was continued by D. E. Martin, G. W. Erick and other members of the Institute.

REDA PAPER.

"The Course of Birds, Butterflies and Other Animals" was the name of a paper read by Professor W. H. Dingley of the High School. This was the first of a series of lectures upon popular subjects given by Professor Dingley, one lecture being given on each day of the Institute. The High School session of the Alameda County Teachers' Institute, with a program prepared by the "High School of Teachers," was held in room 23 of the Oakland High School building this afternoon. The meeting was largely attended by High School teachers. The subject discussed was "The Function of the High School as Final Preparation for Life."

Very instructive papers on the "Vocational Aim of the High School" were read by Professor Brown. Other papers read were: "The Ideal Commercial Education," by Mr. M. M. Fisher of the Oakland Polytechnic High School, and "The Educational Value of Political Economy," by Mr. A. M. Ellis of the Alameda High School.

Tomorrow's session will be held in the High School building at Berkeley.

INTEREST TAKEN IN CONTEST.

POLICE ARE ON HAND TO SEE THE BALLOTS COUNT.

CHICAGO, March 30.—Interest in the Lorimer-Durbarrow Congressional election contest to-day centers in a conference between the election commissioners and attorneys for both factions at which statements were expected to be presented which would result either in the question of jurisdiction being submitted to the Supreme Court or the precipitating got a fight in the committee room when the ballots were made to count the ballots.

Previous to the conference, Attorney Mayer, special counsel for the election commissioners, declared the ballots would be counted at 11 o'clock.

A squad of police were distributed throughout the rooms and corridors.

The Board of Election Commissioners, in the place of objections by Lorimer's attorneys decided to count the ballots in one precinct and to make up an agreed case to be carried to the Supreme Court. Thereupon they began to count the ballots with locked doors.

BOY TAKES HIS LIFE.

RATHER BE DEAD THAN FORCED TO GO TO CHURCH.

MARINE CITY, Mich., March 30.—Arthur Wellhouse, a 15-year-old lad, went to his room yesterday morning, after a heated argument with his parents as to whether he should go to church. A shot was heard soon after he went up, and the boy was found dead on his bed with a bullet through his brain. It is believed he committed suicide.

HAD A BATTLE WHITEWASH SENT NERNEY TO JAIL.

Tracking him by whitewash marks on his trousers, Detective Shorey and Holland arrested Robert Nerney, a young twelfth man and accused him of having entered and robbed the Royal saloon on Twelfth street near Franklin at an early hour yesterday morning. Nerney is accused of having stolen from the saloon about \$50, beside a quantity of whiskey and a number of cigars.

Entrance to the place was gained by forcing a rear door, but to reach the door from the outside, a high board fence had to be climbed. This fence had been whitewashed but a few days before and the burglar rubbed off some of the whitewash with his clothes while climbing it.

When the robbery was reported to the police, they were told that Nerney was lying very drunk near the saloon and upon investigation found him with the tell-tale whitewash on his trousers.

NEGRO MAKES OFF WITH THE CASH BOX.

The police are looking for a negro, who committed a very daring robbery in a bath house at 1683 Seventh street yesterday. The negro, whose name is unknown, took a salt water plunge, and upon returning after his bath to the front of the building, caught up a tin box containing \$40 and made his escape. The police have a good description, but so far have been unable to make an arrest.
